

Dr. Marija Orlovic, Artist

**Dear Art Lover,
I'm sending you this newsletter because you love art.**

Autumn gently slows down our days
With it comes a time to pause, to give, and to share
Over the past few months, new small picture-stories have taken shape
Quiet compositions full of poetry and color
They are now [ready to be discovered](#)
Thoughtful companion for someone close to your heart

Wishing you a joyful and art-filled holiday season
